

OUTLINE

PREFACE	V
TABLE OF CASES	XXVII
TABLE OF STATUTES	XXXVII
TABLE OF REGULATIONS.....	LIII

Chapter 1. Introduction 1

A. Regulatory Background: A Toxic Legacy	1
1. Widespread Exposure to Chemicals	3
2. Insufficient Data on Effects of Chemicals.....	4
B. Defining “Hazardous Wastes” and “Toxic Substances”	5
1. What Are “Toxic Substances”?.....	6
2. What Are “Hazardous Wastes”?	7
C. Regulation of Hazardous Wastes and Toxic Substances	8
1. Regulatory Structure: A Life Cycle Approach	8
2. Other Regulatory Themes.....	11

Chapter 2. Risk and Scientific Uncertainty... 15

A. Overview	15
B. The Common Law Approach to Risk.....	18
C. The Regulatory Approach to Risk	21
1. The Risk Assessment Process.....	22
a. Hazard Identification: Does the Substance Adversely Affect Human Health or the Environment?	24

b.	Dose-Response Assessment: What Level of Exposure to the Substance (“Dose”) Produces Adverse Effects (“Response”)?	26
c.	Exposure Assessment: To What Extent Are Humans and the Environment Actually Exposed to the Substance?	27
d.	Risk Characterization: What Is the Overall Nature of the Risk?	28
2.	Risk Management: How Safe Is Safe?	29
a.	Health-Based Standards	30
b.	Feasibility Standards	31
c.	Cost-Benefit Standards	33
D.	The Judicial Reaction to Risk Regulation	34

Chapter 3. Regulating the Production and Sale of Toxic Substances..... 39

A.	Overview	39
B.	Pesticides: The Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA)	40
1.	Introduction	40
2.	What Is a “Pesticide”?	44
3.	The Registration Process	46
a.	Registration Procedure	46
b.	New Registrations	48
4.	Registration Standards	49
a.	Product Composition	49
b.	Labeling	50
c.	Effect on the Environment	51
5.	Terminating Registrations	52
a.	Suspension	53
b.	Cancellation	54

6.	Reporting Requirements	55
7.	Enforcement.....	56
8.	Evaluating FIFRA	58
C.	Pesticides: State and Local Regulation.....	59
D.	Other Chemical Substances: The Toxic Substances Control Act (TSCA).....	61
1.	Introduction	61
2.	What Is a “Chemical Substance”?	62
3.	Regulated Persons	64
4.	The Testing Program.....	65
5.	Regulation of Existing Chemical Substances	69
a.	Existing Substances Presenting an “Unreasonable Risk of Injury”	69
i.	Prioritization and Risk Evaluation	70
ii.	Promulgation of Rules	72
b.	“Imminently Hazardous” Substances.....	74
c.	“Significant New Uses” of Existing Substances.....	75
d.	Special Rules for PCBs	76
e.	Persistent, Bioaccumulative, and Toxic (PBT) Chemical Substances ...	76
6.	Regulation of New Chemical Substances	77
a.	Premanufacture Notice	77
b.	Restrictions on New Chemical Substances.....	78
c.	Special Rules for Biotechnology Products.....	80
d.	Control of Nanoscale Material	81

7.	Reporting and Recordkeeping Requirements.....	81
8.	Enforcement.....	82
9.	Evaluating TSCA.....	84
E.	Other Chemical Substances: State and Local Regulation.....	85

Chapter 4. Regulating the Use of Toxic

	Substances.....	89
A.	Overview	89
B.	Consumer Protection.....	90
1.	Hazardous Substances and Consumer Products: The Federal Hazardous Substances Act (FHSA).....	90
a.	Labeling Requirements	91
b.	Product Bans.....	91
2.	Consumer Products Generally: The Consumer Product Safety Act (CPSA) ...	92
a.	Consumer Product Safety Rules	93
b.	Case Study: The Formaldehyde Saga	94
3.	Food, Drugs, and Cosmetics: The Federal Food, Drug, and Cosmetic Act (FFDCA).....	95
a.	Food Additives	95
b.	Pesticide Residues	98
C.	Employee Protection: The Occupational Safety and Health Act (OSHA).....	99
1.	Occupational Safety and Health Standards.....	100
2.	Permissible Exposure Limits for Toxic Materials	100
D.	Public Protection Generally.....	103

1.	Warning the Public: Emergency Planning and Community Right-to-Know Act (EPCRTKA)	103
a.	Emergency Planning	104
b.	Public Information.....	105
2.	Transportation of Toxics: The Hazardous Materials Transportation Act (HMTA).....	107
E.	State Regulation.....	108

Chapter 5. Regulating Toxic Pollution Under the Clean Water, Clean Air and Safe Drinking Water Acts 111

A.	Introduction	111
1.	Relationship to Other Laws	111
2.	Current Releases of Toxic Pollutants....	112
B.	Regulation of Toxics Under the Clean Water Act.....	114
1.	Introduction	114
2.	History.....	115
a.	Pre-1972 Approaches.....	115
b.	Post-1972 Developments	119
3.	Contemporary Scheme	119
a.	Technology Based Elements	120
i.	Sources of Pollutants	120
ii.	Types of Pollutants	121
iii.	Discharge Restrictions and Permits	122
iv.	Timetables for Required Reductions	123
v.	Implementing Technology Based Standards	124
b.	Water Quality Based Elements	128

c.	Additional Provisions	133
i.	Harm Based Criteria	133
ii.	Alternative Criteria	134
iii.	Point Source BMPs	135
iv.	Prohibitions on Certain Toxic Discharges	135
v.	Oil and Hazardous Substance Pollution	135
4.	Evaluation.....	136
C.	Regulation of Toxics Under the Clean Air Act	137
1.	Introduction	137
2.	History and Overview	139
3.	Current Provisions	143
a.	Technology Based Standards.....	143
i.	Toxic Substances.....	144
ii.	Emissions Sources	144
iii.	Emissions Restrictions	146
iv.	EPA Performance in Setting MACT Standards	149
v.	Permit System.....	151
vi.	Mobile Sources	151
b.	Harm Based Elements	152
c.	Other Provisions	154
i.	Emergency Releases	154
ii.	Incinerator Provisions	155
4.	Evaluation.....	155
D.	Regulation of Toxics Under the Safe Drinking Water Act.....	156
1.	Introduction	156
2.	History.....	157
3.	Structure of the Act.....	159
a.	Introduction	159

b.	“Public Water Systems”	159
c.	The Threshold Criteria.....	160
d.	The Listing Process	161
e.	The Regulations	162
f.	Required Cost/Benefit Analyses	165
g.	Variances and Exemptions.....	166
h.	Enforcement.....	168
i.	Public Notification	168
j.	Other Provisions	170
4.	Evaluation.....	170
E.	Common Features of the Acts	172
1.	Relationship of Federal and State Law	172
a.	Preemption	172
b.	Implementation	173
c.	Federal Facilities	174
2.	Monitoring, Record Keeping and Reporting Requirements	174
3.	Enforcement Provisions	175
a.	Public Enforcement Provisions	175
b.	Citizens’ Suits	177
4.	Research Programs and Outside Advisory Groups	178

**Chapter 6. Regulating Disposal of
Hazardous Wastes: The Resource
Conservation and Recovery Act
(RCRA)..... 181**

A.	Introduction	181
1.	“Cradle to Grave” Regulation	181
2.	History.....	183
3.	Relationship with Other Laws.....	184
a.	RCRA and CERCLA	184

b.	RCRA and Other Environmental Laws.....	186
4.	Organizational Structure.....	188
B.	“Hazardous Wastes”.....	189
1.	Introduction.....	189
2.	Solid Wastes.....	193
a.	Is the Substance Excluded from the Definition of “Solid Waste”?.....	195
i.	Is There an Express Exclusion?.....	196
ii.	Does the “Derived from” Rule Exclude the Materials?.....	199
iii.	Has a Variance Been Granted?.....	199
iv.	Non-Waste Determination	200
b.	Is the Material a “Solid Waste” Because It Has Been “Discarded”?.....	200
i.	Is the Material a Solid Waste Because It Was “Abandoned”?.....	201
ii.	Is the Material a Solid Waste When “Recycled”?	202
[a]	Table 1.....	202
[b]	Conditional Exemptions....	205
[c]	Litigation Involving Recycling.....	206
iii.	Is the Material a Solid Waste Because It Is “Inherently Waste-Like”?.....	211
3.	Hazardous Wastes.....	212

a.	Is the Material Excluded from the Hazardous Waste Definition?	212
i.	Is There an Express Exclusion?.....	213
ii.	Does the “Derived from” Rule Exclude the Waste?	216
iii.	Has EPA Granted a Site Specific Exclusion for the Waste?.....	216
b.	If Not Excluded, Is the Material a Hazardous Waste?	217
i.	Is the Waste a “Listed” Hazardous Waste?	218
ii.	Does the Waste Exhibit a “Characteristic” of Hazardous Waste?	220
c.	Is the Waste Hazardous Under the “Derived from” or “Mixture” Rules, or the “Contained In” Policy?.....	222
d.	Is the Waste Excluded from the Hazardous Waste Regulations Because It Is Being Recycled?.....	224
C.	Regulation of the Generation, Transportation, Treatment, Storage, and Disposal of Hazardous Wastes	225
1.	Regulation of Generators	225
a.	Classes of Generators	226
b.	Duties of Generators and the Manifest System	230
2.	Regulation of Transporters	232
3.	Regulation of TSD Facilities and the “Land Ban”	234

a.	TSD “Facilities”	236
b.	The Permit System	238
i.	Exclusions and Special Circumstances	238
ii.	The Process	239
c.	Interim Status Facilities	240
d.	Permitted Status Facilities	244
i.	General Provisions	244
ii.	Provisions Applicable to Specific Facilities	246
e.	The “Land Disposal Restrictions,” a.k.a. the “Land Ban”	248
4.	State and Federal Relationships Under Subtitle C	256
a.	History	256
b.	State Regulatory Authority Under RCRA	257
D.	Special Provisions for Underground Storage Tanks (USTs)	259
1.	Introduction	259
2.	Basic Elements	260
E.	Public and Private Enforcement	262
1.	Introduction	262
2.	Obtaining Information	263
3.	Federal Enforcement	266
a.	Administrative Enforcement	266
b.	Civil Enforcement	268
c.	Criminal Enforcement	270
i.	Introduction	270
ii.	“Knowing” Offenses	271
iii.	“Knowing Endangerment”	276
4.	Citizens’ Suits	277

5.	Special Problems with Overlapping State Enforcement.....	282
F.	Additional Provisions of Selected State Programs.....	284

Chapter 7. Introduction to the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) 289

A.	Overview	289
B.	Enactment of CERCLA	291
1.	Background: The Love Canal Tragedy	291
2.	Pre-CERCLA Regulation	293
3.	The Original Statute	294
4.	Amendments to CERCLA	296
a.	Superfund Amendments and Reauthorization Act of 1986 (SARA).....	296
b.	Asset Conservation, Lender Liability, and Deposit Insurance Protection Act of 1996	297
c.	Small Business Liability Relief and Brownfields Revitalization Act of 2002.....	298
5.	Judicial Interpretation of CERCLA	298
C.	Major Provisions of CERCLA	299
1.	Key CERCLA Definitions:	
Section 101		299
a.	A “Release” or Threatened Release.....	300
b.	Of a “Hazardous Substance”	302
i.	Petroleum Exclusion.....	304

ii.	Municipal Solid Waste Exclusion	305
c.	At a “Facility” or “Vessel”	306
d.	“Removal Action”	307
e.	“Remedial Action”	308
2.	Cleanup Performed by Government: Section 104	309
3.	Cleanup Mandated by Government: Section 106	310
4.	Cost Recovery Actions: Section 107	310
5.	The Superfund: Section 111	311
a.	Superfund Uses	311
b.	Superfund Sources	313
D.	The Future of CERCLA	313

Chapter 8. CERCLA: Cleanup Performed

	by Government	315
A.	Overview	315
B.	Section 104 Cleanup Authority	316
C.	Locating Contaminated Sites	318
1.	Release Reporting by Facilities	319
2.	Employee “Whistleblowers”	320
3.	Reports from the Public	320
D.	Planning the Response: The National Contingency Plan (NCP)	320
E.	Evaluating the Site	322
1.	Preliminary Assessment and Site Inspection (PA/SI)	322
2.	National Priorities List (NPL)	324
a.	Listing Sites on the NPL	325
b.	Challenging NPL Listings	326
F.	Interim Site Cleanup: Removal Action	327

- G. Permanent Site Cleanup: Remedial Action 329
 - 1. Remedial Investigation and Feasibility Study (RI/FS) 329
 - 2. The Remedy Selection Process..... 330
 - 3. Implementing the Remedy..... 331
- H. How Clean Must the Site Be? (“How Clean Is Clean?”)..... 332
 - 1. The Section 121 Framework 333
 - 2. EPA’s Response: Nine Criteria 335

Chapter 9. CERCLA: Cost Recovery

Actions Brought by Government 339

- A. Overview 339
- B. Section 107 Liability Standards 340
 - 1. In General 340
 - 2. What Does “Causes the Incurrence of Response Costs” Mean?..... 341
 - 3. Who Are “Potentially Responsible Parties”? 344
 - a. Current Owners or Operators..... 345
 - i. Owners..... 346
 - ii. Operators..... 347
 - b. Past Owners or Operators “at the Time of Disposal”..... 349
 - c. Persons Who “Arranged for Disposal or Treatment” 352
 - d. Transporters Who “Selected” Disposal or Treatment Site 357
 - e. Special Cases..... 358
 - i. Corporate Officers and Employees..... 358
 - ii. Parent Corporations 360

	iii. Successor Corporations.....	361
	iv. Lenders.....	363
	v. Fiduciaries.....	365
	vi. Governmental Entities	366
4.	What Does “Liable” Mean?.....	368
	a. Strict Liability.....	368
	b. Joint and Several Liability.....	368
	c. Retroactive Liability	372
5.	What Are PRPs Liable for?	373
	a. “All Costs of Removal or Remedial Action”	373
	i. “All Costs”.....	373
	ii. Inconsistency with the NCP... ..	375
	b. Declaratory Relief re Future Costs	377
	c. Natural Resource Damages	378
	d. CERCLA Liens.....	381
C.	Defenses and Exclusions.....	382
	1. Section 107 Defenses.....	382
	a. Act of God	383
	b. Act of War.....	383
	c. Third Party Defense	384
	i. Act or Omission of Third Party	385
	ii. Due Care.....	386
	iii. Precautions Against Foreseeable Acts or Omissions	387
	d. Innocent Landowner Defense	388
	e. De Micromis Exemption	392
	f. Contiguous Property Owner Exemption	392

- g. Prospective Bona Fide Purchaser Exemption 393
 - 2. Statute of Limitations 394
 - 3. Exclusions from CERCLA Coverage 395
 - D. Enforcement..... 396
 - 1. Settlement..... 396
 - a. Settlement Procedures Generally 397
 - b. Major Party Settlements 399
 - c. De Minimis Settlements..... 401
 - d. De Micromis Settlements 403
 - 2. Litigation..... 403

Chapter 10. CERCLA: Cleanup Mandated by Government 405

- A. Overview 405
- B. Section 106 Liability Standards 407
 - 1. In General 407
 - 2. “Imminent and Substantial Endangerment” 408
- C. Defenses to Liability 410
- D. Enforcement by Administrative Order 411
- E. Enforcement by Injunction 417

Chapter 11. CERCLA: Actions Brought by Private Parties 419

- A. Private Actions Under § 107 to Recover Response Costs 419
 - 1. Introduction 419
 - a. Typical Circumstances 419
 - b. Comparison of Private Cost Recovery and Contribution Actions 421

c.	Who Can Bring a § 107 Cost Recovery Action?	423
2.	Basic Elements	427
a.	“Any * * * Person”	427
b.	“Necessary Costs of Response”	428
c.	“Consistent with the National Contingency Plan”	429
3.	Remedies	431
a.	“Necessary Response Costs”	431
i.	Recovery Allowed	431
ii.	Recovery Disallowed	432
b.	Equitable and Declaratory Relief	434
4.	Defenses	434
a.	Statutory Defenses	434
b.	Non-Statutory Defenses	435
c.	Constitutional Defenses	436
B.	Action for Contribution Under § 113	436
1.	Introduction	436
a.	Contribution and Actions Under §§ 107 and 106	437
b.	Contribution and § 106 Orders	438
i.	Existence of Remedy	438
ii.	Elements of Claim	439
2.	Procedural Options for Raising Contribution Claims	440
3.	Elements	442
a.	Basic Requirements	442
b.	“Necessity” and “Consistency”	442
4.	Defenses	444
a.	Statutory Defenses	444
b.	Equitable Defenses	446
c.	Constitutional Defenses	446

5.	Apportionment.....	447
a.	General Provisions.....	447
b.	Voluntary Apportionment	449
c.	Allocation of Orphan Shares	449
d.	Reduction for Effect of Settlement.....	450
C.	Citizens' Suits.....	451
1.	General Provisions	452
2.	Limitations on Review.....	454
a.	Challenges to Regulations.....	454
b.	Challenges to Site Cleanup Decisions.....	454

**Chapter 12. Additional Hazardous Waste
Cleanup Options Under RCRA and
CERCLA 459**

A.	“Imminent and Substantial Endangerment” Actions: RCRA §§ 7003 and 7002(a)(1)(B).....	460
1.	History and Overview	460
2.	Elements	462
a.	Key Terms	462
b.	Public Enforcement	464
c.	Private Enforcement.....	465
B.	“Corrective Actions:” RCRA §§ 3004(u) and 3008(h)	467
1.	Introduction	467
2.	Key Terms.....	468
a.	“Hazardous Waste or Constituents”	469
b.	“Release”	470
c.	“Solid Waste Management Unit” and “Facility”	471

3.	Process and Standards	472
4.	Interim Status Facilities	474
C.	Areas of Overlap Between RCRA and CERCLA.....	475
1.	Jurisdictional Overlap.....	476
2.	Remedial Choices and Limitations.....	479
a.	EPA Policy.....	479
b.	Does RCRA Limit CERCLA?	480
c.	Does CERCLA Expand RCRA?	481
3.	Other Interactions	481

Chapter 13. Common Law Approaches to Hazardous Wastes and Toxic

	Substances.....	483
A.	Introduction	483
B.	Claims and Defenses	486
1.	Claims for Property Damage	487
a.	Nuisance.....	487
b.	Trespass.....	497
2.	Personal Injury Claims	499
a.	Negligence	499
b.	Strict Liability in Tort	501
c.	Infliction of Emotional Distress	501
C.	Causation	503
1.	Introduction	503
2.	Proof of Toxicity	505
3.	Proof of Exposure Pathway.....	507
4.	Indeterminate Plaintiff	507
D.	Multiple Defendants.....	513
1.	Joint and Several Liability	513
2.	The “Indeterminate Defendant”	514
E.	Remedies	518
1.	Damages.....	518

a.	Compensatory Damages.....	518
i.	Real Property Contamination	518
ii.	Personal Injury	519
b.	Punitive or Exemplary Damages...	521
2.	Equitable Relief	523
F.	Procedural Responses	524
1.	Introduction	524
2.	“Polyfurcation”	525
3.	Case Management Orders	527
4.	Case Consolidation	529
5.	Test Cases	530
6.	Class Actions.....	531

Chapter 14. Avoiding Liability for

	Hazardous Substance Cleanup Costs	535
A.	Overview	535
B.	Indemnity and Hold Harmless Agreements	536
C.	Insurance	537
1.	Comprehensive General Liability Insurance	538
a.	“Damages”	538
b.	“Occurrence”.....	540
c.	Owned Property Exclusion.....	540
d.	Pollution Exclusion.....	541
2.	Title Insurance.....	543
3.	Environmental Impairment Liability Insurance	544
D.	Bankruptcy	545
1.	Discharge of Debtor	545
2.	Abandonment of Facility.....	547

TABLE OF ACRONYMS..... 549
INDEX..... 555
